**Re:** Letter of support - Boundary adjustments  
Laurentian University and Ansell/Crispo Properties

Dear Property Development and Planning Committee,

Rainbow Routes Association (RRA) is providing this letter to support the proposed boundary adjustments and land exchange for Laurentian University and Ansell/Crispo properties.

Following a meeting with Drs. Ansell and Crispo on March 7<sup>th</sup>, it is our understanding that Drs. Ansell and Crispo purchased a property at 2115 South Bay Road to discover that a portion of their infrastructure was located on Laurentian University property, and that a number of people use an existing trail crossing their property to access Lake Laurentian Area trails, including the Trans-Canada-Trail.

RRA promotes and develops trails and our vision is one for a convenient and connected Greater Sudbury trail network which is accessible to all. The current situation is problematic for the current land owners and may pose a liability risk to them as homeowners. It would be disheartening to see an existing trail connector, proven to be practical and necessary through years of use, closed off as a result of liability concerns to individuals showing due diligence.

RRA recognizes Laurentian University's past and current dedication towards a comprehensive trail network for the enjoyment and benefit of all. Drs. Ansell and Crispo's proposed land exchange appears to be a constructive solution that will resolve current property issues while ensuring that area trails remain convenient, connected and accessible.

We look forward to continued opportunities of collaborations with Laurentian University in the future.

Sincerely,

A handwritten signature in blue ink, appearing to read 'D. Barrette'.
